The Treasury

Treasury internship program

Launch your career with Treasury's internship program

Open to university students in their final year of studies and pursuing honours, a masters or PhD in Economics, Legal, Data, Statistics or Demography Studies. Through the program you can:

- begin your Australian Public Service career
- develop strong communication and stakeholder engagement skills
- develop your knowledge of economics, financial markets, legislative reform and population impacts
- access career pathways including the Treasury Graduate Development Program
- complete your internship flexibly over a 12-month period – earning a competitive casual hourly rate
